This is what I saw:

I was sitting on a sofa in my house. Opposite me on another sofa sat all my family. - Suddenly I heard a slight noise on my left side at the corner of that room, which was rather obscure; and from that dark corner I saw crawling on the floor a snake. That snake was my pet; It came out of its corner to search for food since I had stopped feeding it. It found a dish with 3 grapes, which it swallowed in its hunger entirely but it was not sufficient and it creeped in the kitchen to look for more, while passing between the sofas. I immediately pulled my feet up, fearing now since I had become its enemy and fearing it senses this, it would strike me. I feared very much. So I got up to catch it, lest it would strike one of my family. The minute the snake realized my intentions it prepared itself to strike me. I feared so much that I grasped the top of a cupboard and hanging from there I coiled up my legs; and while the snake stood up on its rear I heard a voice. Upon hearing this voice the snake feared, and went away from me. I sprung (cont.)

you, dear; never fear; I shall
protect you; go in peace ♡ Dan

* I met this “aged author”, not before 1991:
The “aged author” my angel was talking
about happens to be Fr. Michael O’Carroll,
my spiritual counsellor, author of several encyclo-
pedias, books and articles, and my guide.

why? for worshipping Me?

For instance, if I showed this to other priests than fr. Karl they would mock me, disbelieve me; they'll say I am mad; they'll say it's Satan or my subconscious mind!

I don't really know; some would be convinced. If it was a bishop, they would say they are divine, but also some would think he's lost his mind because of too much religion going in his head.
